COMMUNICATIONS:

- A. Spartan of the Month - Hunter Ignasiak** - Hunter is a 3rd year teacher and she goes above and beyond in everything that she does. She is a team player with her 3rd grade team- always making resources, copies and collaborating. She is humble and always looking to grow in her craft. Her students adore her and she helps support them with their mental and emotional health. This is the first school year Hunter has done SPED and she is rocking it! It's already challenging to differentiate for all students- but Hunter does an amazing job at doing this for all of her students. She continues to grow in her craft by continuing her education. I know that she is a newer teacher (as am I), however I really think that she does a phenomenal job at checking in with her teammates and just loving kids.
