

Sparta Area Schools Facility Use Policy and Procedures

Sparta Area Schools, along with the Board of Education (BOE), recognizes the use of the District's buildings and facilities is a valuable community resource. Our goal is to allow public use of the District's buildings that will not interfere with educational activities.

Public access and use, as well as school procedures, regulations, rules, and guidelines, are subject to all Board policies as outlined in **SAS Board Policy 7510**. The procedures and rates located in this document were developed under the guidance of the Michigan School Business Officials Guidance for Cost Recovery for Community Use of Schools.

I. User Classification

Groups directly related to regular or extracurricular K-12/Community Education programs have first priority. All other groups are classified into Category 1 or Category 2 (see below) and facility use fees may be accessed based on the facility use fee schedule.

The use of school facilities for Sparta Area Schools school instructional and extracurricular programs, meetings of students, teachers, parent-teacher organizations, or other organizations directly affiliated with the schools will have precedence over all other requests. However, every effort will be made to accommodate all community requests. Fees will be assessed based on the fee schedule and the category of the organization as defined below.

Category 1: Community-based non-profit groups, governmental agencies, church groups, or organized groups who provide local, civic, educational, athletic, religious, or cultural activities. All groups must have 50% or more Sparta residents or enrolled students. The School District may require proof of tax-exempt status

Category 2: Activities evolving out of Category 1 where admission is charged. Organizations or non-profit groups outside the district, commercial users, private for-profit businesses, or vendors.

All labor costs incurred by the district for additional work beyond normal work shifts will be charged to the applicant. All groups are subject to charges from custodial and grounds services that are provided beyond the department's normal work schedule and or events that interfere with the daily operations of the facility.

Any deviation from the fee schedule must be granted by the Superintendent or his/her designee.

How to Submit a Facility Use Request

1. All organizations requesting a facility rental must use the online application form. The request for facility use must be processed through the district facility coordinator. The online request system is located at the Sparta Area Schools web pages under Facility Rentals.
2. The requester signs and agrees to BOE policy at the time of submission. Proof of nonprofit status and insurance certificate may be required, if applicable (see Liability and Insurance section). The facility request once approved will become the contract for use of the facilities between the district and applicant. The person designated as responsible for the event/group must be at least 21 years of age.
3. All applications for use must be submitted to the facility coordinator no later than two weeks prior to the event. Approval for use may not be granted unless proper advance notification is given.
4. When approved or denied, an email notification is sent to the requester. All approvals are granted on a priority basis, with school events and extracurricular activities taking first priority. The District reserves the right to revoke approval based on the immediate needs of the Sparta Area School's events. Efforts will be made to find an alternative location (if applicable).
5. Any fees due will be invoiced at the end of the month following the scheduled reservation.
6. Payment should be made within 30 days after the invoice has been sent. All checks should be made payable to Sparta Area Schools and be accompanied by a copy of the invoice.

7. All requests (non-profit status, certificate of insurance) must be submitted, approved, and on file before events.
8. Available facility times may not be changed; facilities may not be reassigned, transferred, traded, or rented to other groups for a fee. All changes must be made prior to the event with advanced notice and approval through the facility coordinator.
9. Submitted requests for use of sports facilities and/or fields will not be approved until the school-sponsored sports programs have finalized schedules. Approvals will not be granted more than six months in advance of an event unless specific authorization for the permit has been given by the Athletic Director or Maintenance/Facilities Director.
10. Every opportunity to fulfill community requests will be made, however, approval will be granted based on priority level as stated above. Facility use requests will not be approved for District athletic facilities until middle and high school practice/game schedules are finalized for the current school year.

II. Cancellations

- A. The use of school facilities for K-12 school instructional and extracurricular programs, meetings of students, teachers, parent-teacher organizations, or other organizations directly affiliated with the schools will have precedence over all other requests. School functions/events may result and override any previously requested reserved space. Facility scheduling will do everything possible to accommodate your group when this occurs with as much notice as possible.
- B. If the district is closed due to weather or any other unexpected reason, there will be no facility usage for that day/night. Every effort will be made to reschedule the event at a mutually agreeable date and time. If this is not possible, a full refund will be given if payment was made in advance.
- C. Notification of cancellation less than 48 hours before the scheduled time of use will result in the full rental fee being charged. In the case of a weekend "no-show" without proper cancellation, a minimum 2-hour applicable custodian fee will be charged. All cancellations must be in writing.

III. Liability and Insurance

- A. The use of school equipment in conjunction with the use of school facilities must be requested specifically in writing. The users of school equipment and facilities must accept liability for any damage or loss to such equipment that occurs while it is in their use. Where rules specify, no item of equipment may be used except by a qualified operator.
- B. Users shall be liable financially for damage to the facilities and for proper chaperonage.
- C. Non-Affiliated organizations may be required to provide a certificate of liability insurance coverage (in the below-indicated amounts) listing Sparta Area Schools as an additional insured. The facility use applicant is responsible for providing information prior to the start of the program.
 - a. General Liability \$1,000,000 (each occurrence)
 - b. Property Damage Liability \$100,000 (each occurrence)
 - c. Workers Compensation \$500,000 (each accident)
 - d. A copy of the certificate is due at least 10 days prior to the first day of the event, class, or program. Failure to present proof of insurance will void all agreements and events, classes, and or programs and will be canceled until proof of insurance is provided.
- D. No liability shall attach to this district, any employee, officer, or member of this district specifically as a consequence of permitting access to these facilities. Additional waiver/release forms may accompany specific classes, activities, and or programs.

IV. Payment:

- A. The individual(s) who submit the facility request and agree to the BOE Policy and Procedures are responsible for payment of all charges associated with the related facility use.
- B. All fees will be invoiced at the end of the month following the event. Payment is due within 30 days. Any invoices not paid will result in all future reservations being canceled until payment is made in full.
- C. All checks should be made payable to Sparta Area Schools and be accompanied by a copy of the invoice.
- D. The district may request a deposit or payment in advance of an event.
